Hudson Victories Still Lead In Super-Six Endurance

The Hudson Super-Six won all worth-while stock car records and because of its supreme endurance decisively conquered many of the swiftest and costliest racers that ever struggled for speedway honors.

Those stock car records, certified by the A. A. A., established its commanding superiority. But it was not in winning the Pike's Peak Hill climb with a special, the double transcontinental run with a phaeton model, the fastest mile for a stock chassis, or in traveling 1819 miles in 24 hours and breaking all acceleration records that the Super-Six gained its greatest prestige and repute as a life car dependable in any emergency and master of any conditions of travel.

Leader on Highway and Boulevard

Sixty thousand Hudson Super-Six owners, in the daily use of the Super-Six, on city boulevard and unimproved country road, have proved it the foremost car in endurance and faultless performance. The driver of a Hudson handles the wheel confidently because he knows that a touch will loose the eager power of the Hudson against any obstacle of time, distance

or gravity, and that its endurance will always arrive.

Hudson leadership rests upon initiative. As a pioneer in mechanical design it developed the exclusive Super-Six motor, which by minimizing friction delivered the maximum of engine power to the driving wheels without self-destruction, and produced the car that will last a life time.

Hudson initiative has also made it the leader of mode.

This supremacy of style has not emphasized itself in the Hudson as it would have in another make of car, because it was dwarfed and diminished by the more vivid mechanical leadership, typified in great feats of speed and hard struggle against time over thousands of miles of rugged roads.

Hudson is Model of Fashion

But the owners of Hudsons know, and their friends know, and better than anyone else the men in the trade know and admit the Hudson leadership in design. The distinctive types of Hudson bodies have influenced motor design everywhere. But as Hudson is the leader you will always find in it the advance ideas, the fitness and balance of a creation conceived in its entirety, and not a patch-up of plagiarized design.

It will be some time yet before the factory will reach full production. To insure getting a Hudson Super-Six when you want one you had better act now. Sales have already compelled the establishment of Hudson waiting lists.

CRAFTSBURY

(Continued from Page Four)

Bernice Winget was an over Sunday guest of her parents in Lowell.

Mr. and Mrs. E. W. Hardy were business visitors in Hardwick Saturday.

Mrs. Jessie Goodwin and daughter, Mrs. Bertha Bartlette, left Friday for Morrisville.

Mrs. Ella Howard returned from Boston Thursday, where she has spent the winter.

Mr. and Mrs. Ralph Atwell have gone to Massachusetts where he has employment.

Mrs. E. N. Nelson was in St. Johnsbury Friday in the interests of her millinery business.

There was a good turnout Thursday to clean the church and Friday to build and repair sidewalks.

Mr. and Mrs. A. G. Buchanan went Wednesday to Orleans, where they expect to remain a few weeks.

Harris and Mahlon Gage of Waterbury were week-end guests of their parents, Mr. and Mrs. S. A. Gage.

Mrs. Emma Gage went to St. Johnsbury Monday to be a guest of her son and family for a few days.

Mrs. Lilla Mackender, Mrs. Viola Sawyer and Flora Pierce were business visitors in Hardwick Saturday.

The remains of Mrs. Jessie Hoyt Hatch were brought here Saturday and placed in the family lot in the village cemetery.

Mr. and Mrs. Leon Keeler, former residents, brought the remains of their baby from New Hampshire and placed them in the village cemetery Saturday.

Harlan Gage came from St. Johnsbury Saturday, was a guest of his parents, Mr. and Mrs. S. A. Gage, over Sunday and returned to his home Monday, accompanied by his daughter, Dorothy.

Papers contain the following: "Frank C. Heath, 58, a native of Craftsbury, until his retirement a few years ago, an inventor, dropped dead a short distance from his home, 164 Salem street, Woburn, Mass., from heart failure. He had just returned after witnessing the 26th Division parade with his wife and daughter, Marjorie, a nurse, recently returned from service in France. They remained in Boston for the theatre, while he proceeded to his home alone. Mr. Heath had lived in Woburn eight years. Besides his wife and daughter he leaves two sons, Harold, now abroad with the tank corps, and Ralph, a civil engineer, located in Kentucky."

SPRING FEVER AND COMMON SENSE

If a man or woman feels heavy, dull, languid, lary, lacking in ambition and energy—instead of giving up and saying he has "spring fever," it is more sensible to take a good, wholesome purgative. Biliousness, sick headache, sour stomach, gas, bloating, coated tongue, dyspepsia—all are relieved by Foley Cathartic Tablets. B. R. Hazard, Chadwell, Ga., writes: "I had Foley Cathartic Tablets give me quicker relief than anything I ever tried."—Sold Everywhere.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HETM, R. No. 6, Box 88, Lowell, Mich.

Why Not Try

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

Perfection Pictures-Reel 1

"The Woman in the Case"

Your sympathy turns to the unfortunate Cinderella who drudges in a stifling kitchen with its old fashioned coal range.

The heroine, cool and unruffled, is telling her the advantages of the New Perfection Oil Cook Stove—how it keeps the kitchen clean and cool, how it eliminates the draggery of fire tending and ashes, how it gives comfort equal to gas at kerosene cost.

Its Long Blue Chimney turns all the oil into odorless, smokeless heat instantly. The flame is regulated like gas—on or off, high or low. And it cooks perfectly.

You, too, should have a New Perfection stove. Also, a New Perfection Water Heater. It means steaming hot water without a hot range. At all dealers.
